Owners must submit written proof of DHLPP, (DHPP or DAPP, and Leptospirosis will suffice), Bordetella and Rabies vaccinations at least seven days prior to participating in training, Day Care, or any other activity at the Doggie Depot. (Dogs participating in training who are too young to receive the Rabies vaccination may participate in these services but may not attend Day Care). Canine Influenza is not required but is highly recommended. Due to the various strains and mutations of viruses, the Doggie Depot of Virginia, LLC is not liable for any illness contracted while dogs are attending day care, training, social time, or any other activity, including those currently vaccinated.

If signs of fleas are found, owners may be required to immediately retrieve their dog from day care services or remove them from other activities. Owners will be notified of any signs of parasites seen in their dog’s fecal excrement and may be asked to retrieve their dog from day care services or remove them from other activities.

All dogs must be free from any condition which could potentially jeopardize other guests. Dogs that have been ill with a communicable condition in the previous 21 days will require veterinary certification of health to be admitted or readmitted. If at any time during our care it is apparent a dog is ill, the owner will be notified to pick up the dog immediately or the dog will be transported to a veterinarian.

BEHAVIOR: All dogs must be non-aggressive and not food or toy protective. Owners will certify their dogs have not harmed or shown any aggressive or threatening behavior towards any person or any other dog(s). Please remember: your pet will be spending time with other pets and the safety and health of our staff and human and pet guests is our main concern.
